G. BYRNES, AUCTIONEER
AUCTION
PROVINCIAL
Government Lands
—IN—
TOWNSITE OF HASTINGS
NEW WESTMINSTER DISTRICT.
Thursday, Aug. 15, 1889,
AT 11 O'CLOCK, A. M.,

I have been instructed by the Hon. Chief Commissioner of Lands and Works, on behalf of the Provincial Government, to sell

By Auction, at Vancouver,
Townsite of Hastings!

89 BLOCKS of LAND
Ranging from 2½ to 4 acres each, surrounding Hastings Park. These Blocks are situate on the East, West and South sides of this fine park, which contains 160 acres. This property is on a nice elevation above Burrard Inlet, and overlooks this magnificent Harbor, and may be considered the finest Residential Property of the city of Vancouver. A fine Road is being constructed by the Vancouver City Corporation to the Park.
—ALSO—
60 BLOCKS of LAND
In the same Township, extending Southward from the above lands, and ranging from 10 to 25 acres each, taking in the full width of the Townsite.
—ALSO—
New Westminster District.
Eighteen ¼ sections in lots 335, 334, 333, 332, 149, 150, as per map of the district.
These lots are well adapted for agricultural, dairy or orchard purposes, and on account of their close proximity to the markets of Vancouver and New Westminster, are desirable properties for families seeking homes or for investments. Maps of the various properties will be issued. Terms at sale, one-third cash, one-third 6 months, balance 12 months, with interest at rate of 6 per cent. per annum.
GEO. BYRNES,
july11 Auctioneer.

CAPITAL NOTES.

The Proposed West Indian Monthly SS. Service.

Commissions in the Regular Army for Canadian Militia Officers.

The Legality of Hon Mr. Fosters Marriage Discussed—Military Cadets fail to Pass the Examination.

(From our own Correspondent).

OTTAWA, July 15.—The proposed West Indian services will comprise four routes from Halifax and St. John, in each case to Cuba. Separate to Jamaica and separate to the smaller islands and to Buenos Ayres. The services will be monthly by first-class steamers.

The legality of Hon. Mr. Foster's marriage continues to excite considerable discussion. The Citizen to-day published an inspired article to prove its legality.

The government has declined to award seven cadetships in the military college. Thirteen candidates for long service had only 33 per cent. marks.

The imperial authorities again offer six commissions in the regular army to Canadian militia officers. None accepted last year, but two, it is intimated, will take the examination this year.

FROM KOOTENAY.

The Latest News in Mining, Railway and General Matters.

Lieut.-Col. Baker, M. P. P. for Kootenay, arrived by the Islander on Saturday night and is now at the Union Club. The Colonel had a little adventure on his way down from the interior which was not altogether pleasant. He and his companions, the C. P. R. surveying party, missed the steamer and decided to row down the river, a distance of about 100 miles, in order to catch the train on the C. P. R. They procured a good boat, and rowing all day and night, reached the landing—a mile and a half from the station—just in time to hear the whistle of the locomotive as the train they were so anxious to take glided out from the depot.

MINING MATTERS.

In regard to mining matters generally, Col. Baker, who was called upon yesterday by a COLONIST representative, had the following to say: There is considerable excitement among prospectors of the mining claims in the whole district; in consequence of the successful development of the minerals in the Toad Mountain and Kootenay Lake sections. Mineral leads, showing a large quantity of ore, have been found in all parts of the district where prospecting has taken place; but the great difficulty is to bring capital into the country in order to develope the mines that have been found.

Mr. Dawson has been visiting the Toad Mountain district, and is much pleased with the result of his visit. He is also a firm believer that there will be one of the largest mining camps in America in that portion of Kootenay, if not in others. Quartz leads, containing free gold in fair quantity and visible to the naked eye, have been found recently near Findlay Creek, in the Upper Kootenay valley.

This lead is well defined, and although it is impossible of course to say definitely that it will prove good, still the indications are as favorable as can be in a surface discovery.

The report that a very rich quartz lead, containing free gold, which is designated as the mother lead of the celebrated Wild Horse Creek mines, has been found at the head of that creek; but nothing definite has yet been stated as to the actual value of the claim.

In Toby Creek, flowing into the Upper Kootenay, a very large lead of argentiferous galena is being worked; and large bodies of ore, assaying high in silver, have been taken out. This claim is about 25 miles up the Toby Creek valley, and when communication can be made by means of a wagon road, this lead and others near it may prove of considerable value.

THE PERRY CREEK MINES.

The Perry Creek mines are getting on slowly but surely. Two camps are now formed. The lower camp is running the tunnel; and the upper camp is sinking on the shaft which was commenced on the first incorporation of the company. Mr. Dow is in charge of the lower camp, and Mr. Bilsland of the upper. In the latter camp work was commenced on May 22nd. They have laid down since that time 1000 feet of fluming for bringing the water to the water wheel; they have put in a wing-dam for the same purpose; they have constructed a 12-foot water wheel; they have nearly finished fixing the pump, and the whole will be in full working order by the end of this week.

In the tunnel at the lower camp they have at last arrived at the long expected turn in the channel; and at this point have met with the rise in the channel that was also expected. They are at present ten feet above the tunnel, and as soon as the head of the rise is reached, which will probably be in from three weeks to a month, it is believed by Mr. Dow and others that a large deposit of gold will be found. The difficulties of working in the tunnel have hitherto been very great in consequence of the deposits in the canyon of various sized boulders. This has reduced the progress of the work to about fourteen inches a day, with a double shift; and so great has been the quantity of the boulders that not more than one-third of the stuff taken out is dirt that could contain gold.

It has been found that since the commencement of washing in November last, the amount of gold has averaged 4½ ounces to the set, with a ten-foot fall; showing the rich quality of the gravel. This is also a very hopeful sign of the amount of gold that may be expected when the canyon is passed.

A DRY SEASON.

The season in the Kootenay district has been an unusually dry one. The oldest Indian inhabitants say they have never known the rivers to be as low at this season of the year as they are at present. The crops, where irrigation is possible, are looking well, but in most localities, where it is impossible to water the land, the crops are a failure. Cattle and horses, notwithstanding the drought, are fat and in excellent condition.

THE RAILWAY SURVEYS.

The surveying party of the C. P. R. have returned from their inspection of the Crow's Nest Pass and Kootenay Lake route, and pronounce it the easiest route for a railway through a great mountain range they have ever met with in their whole experience.

COAL DISCOVERY.

Another large discovery of excellent coal has been made by the Crow's Nest Coal and Mining Company, in Crow's Nest Pass, which shows twelve seams of coal, varying from 30 feet to 2 feet in thickness.

The prospects of the whole district are exceedingly good, so far as its potential wealth is concerned; but what is needed is capital to be brought into contact with this potential wealth in order to properly develope it. Otherwise it is practically useless to the province.

PROBABLY INFANTICIDE.

Another Body Found on the Beach in Hospital Bay.

At about 7 o'clock on Sunday evening, a citizen who was taking a walk along the harbor beach, noticed a little bundle lying on the rocks in the bay near the Marine Hospital. He at once proceeded to investigate, and found that the bundle contained the body of a white infant, not more than two months of age. The little corpse was badly decomposed. It had been hurriedly wrapped up in a piece of flannel, then shoved into a rice sack, and the mouth of the sack tied with a piece of string.

The finder of the body at once notified Dominion Officer Lewis of his discovery, and the remains were taken in charge at once, and conveyed to Mr. Hayward's undertaking rooms, where an inquest will be held at 11 o'clock this morning.

PERSONAL.

F. Reed, of Sicamous, is in town.

A. O. Leask, of Vancouver, came over on Sunday night.

Ald. T. Eric Peck, of Nanaimo, spent Sunday in town.

Lewis Lewis is spending a few weeks at Harrison Hot Springs.

John Weiler and family have returned from a summer visit to Banff.

Rev. Thomas Crosby and Rev. Icktaum arrived from the mainland last evening.

T. D. Conway, contractor for the Bonilla Point telegraph line, is at the Oriental.

I. VanVolkenburgh was a passenger from Vancouver by the Islander on Sunday night.

Capt. E. S. Scoullar, and F. G. Strickland, came over from Westminster on Sunday's steamer.

Capt. W. Norman Bole, M. P. P., and Mrs. Bole, arrived from Westminster by last night's boat.

Capt. Whaley and E. A. McLean, of San Francisco, arrived last night and are at the Driard.

Henry Croft, M. P. P., returned from his European trip last evening, and is at present a guest at the Driard.

Richard Cawston, the well known cattle rancher of Osoyoos, and partner of the genial Tom. Ellis, is in town.

G. A. Camp, a wealthy resident of Minneapolis, who is at present traveling for his health, is at the Driard.

L. R. Manning, of the Bank of Commerce, Tacoma, Mrs. Manning and Miss Bass, are guests at the Driard.

C. E. D. Harrison-Atkinson, of Singleton Grange, Lincolnshire, England, and P. H. S. Montgomery, of Hong Kong, China, are at the Driard.

E. G. Anderson, of Richardson, Church & Co., leaves by the North Pacific this morning, for the East, calling at the principal cities in the States and Canada.

Frank Morgan, of Cleveland, O., is spending a few weeks in Victoria, prior to leaving for Japan where he intends making a home for himself.

Mrs. B. Gordon left for Winnipeg on Sunday morning to visit relatives there. Mr. Gordon accompanied his wife to the mainland and returned last evening.

Henry Fry, M. P. P., Cowichan, left on the Islander this morning for England on a combination of business and pleasure. Mr. Fry will spend four or five months visiting European points. He has been absent from England for 27½ years.

Dr. McAffee and wife, and L. and Mrs. Lamb, C. R., G. E. and the Misses Lamb, of Clinton, Ia., and Miss Bingham, of Chicago, came over from Tacoma last evening, and are spending a few days in the city. They are enjoying a transcontinental pleasure trip.

R. M. Bryant, traveling correspondent of the New York Sun, who has been spending several months in the coast states, is at present a guest at the Driard. Mrs. Bryant accompanies her husband, and both are enthusiastic admirers of Victoria's attractions of climate and scenery.

George Rashdall, of Spallumcheen, who was addressed and 'piped' by Spallumcheen Lodge, A. F. & A. M., last week, is now in Victoria preparing for his departure from the province. It is understood it is his intention to go direct to South America, where he will probably spend a few months and will then proceed to other foreign and more distant climes.

CABLE NEWS.

England Wins the Challenge Trophy at Wimbledon.

The French Chamber Votes a Large Sum for New War Ships.

The Rumor that Parnell will Withdraw His Case Against the Commission—Socialists in Session.

The Socialist Congress.

LONDON, July 15.—The Socialist Congress, which convened in Paris to-day, is composed exclusively of the followers of Karl Marx, and the congress itself is spoken of as the "Markist" congress, to distinguish it from another convention of Socialists which assembled here yesterday, who are known as "Possibilists," and who meet on the Salle-Petrelle. Germany has a representation of 93 in the "Markist" congress, including leaders of the German Socialist-Democratic party—such men as Bebel, Leibkenecht and Vollmar. Messrs. Morris, Carpenter and Hardy are present from England, while Austria's delegation is headed by the well-known Socialist, Dr. Abner. Every nation in Europe is represented. M. LaFayne, of France, delivered the opening speech, extending the welcome of Paris and of France to the members of the congress, but to the German delegates more than to all the others he desired to extend the hand of fellowship. He wished to demonstrate to the world that the race prejudices, which tyrants everywhere fostered and encouraged to further their own selfish ambitions, had no place in the hearts of the Socialists of France who would welcome their German brothers with a love that was all the stronger for the hate they were expected to bring them. Two chairmen were elected to serve for the day, M. Vaillant, a councillor of Paris municipality, and Herr Liebknerchi, member of the German parliament. The latter, in addressing the congress, spoke in German, French and English. The opening hour of the convention to-day, half-past eight a. m., stamps it as a workingmen's gathering—an assembly of men accustomed to long hours of toil. The first session lasted till 2 p. m., when recess was taken for luncheon. This meal was also characteristic, all lunching together on wholesome but inexpensive viands, the prices of which were within the reach of the workmen who constituted by far the larger part of those present. The best feeling prevails among the delegates, and all express great enthusiasm as to the importance of the work the congress will accomplish. Some of the delegates to the convention also take part in the possibilists congress at Salle Petrelle, but none of the 93 German socialists will go near the other gathering.

The New Tenants' League.

LONDON, July 15.—The leading members of the Irish home rule party met to-day to arrange preliminaries for the organization of the new tenants' league. A motion was made by Parnell, seconded by T. P. O'Connor, that it was an imperative necessity that the tenant farmers combine to resist the extermination policy of their landlords. The motion was carried without a dissenting voice, and a committee was at once appointed to draft a constitution for the proposed organization. The committee consists of Parnell, Wm. O'Brien, Thos. Sexton, Tim Harrington and others. As the chief points to be covered by the constitution have been heretofore pretty well discussed by the Irish leaders and a substantial agreement reached, it is not thought that the committee will prolong their deliberations.

Warlike News.

LONDON, June 15.—Some warlike news is telegraphed from Rome, where L'Opinione to-day in an article evidently inspired warns the Italian people that the French war minister has perfected details of a march across the Italian frontier, and it is merely necessary to give the word and the border provinces are at the mercy of the invaders. The article calls upon the government to no longer delay measures for proper protection of the frontier.

The Commission on Royal Grants.

LONDON, July 15.—The recently constituted commission on royal grants, held a session to-day, with Wm. Henry Smith presiding. The session was taken up with argument by Mr. Gladstone, who was called to state his views. The proceedings were strictly private.

Dined With the Queen.

LONDON, July 15. — Mr. Lincoln, American Minister, and Mrs. Lincoln, and Russell Harrison, dined with the Queen this evening.

The Munich Suicide.

LONDON, July 15.—The report from Munich on Saturday that Lady Acton, sister of Count Von Arco Valley, German Minister at Washington, had committed suicide at Tegernze, is denied to-day by the St. James Gazette. The Gazette says the lady who committed the suicide was a widow, by the name of Acton, who was related to an Italian family of the same name.

Elections in Bohemia.

VIENNA, July 15.—The parliamentary elections in Bohemia have resulted in returning seventy-one Germans, seventy Conservatives, fifty-four Young Czechs, forty-three Old Czechs, and four bishops.

Workingmen's Congress.

PARIS, July 15.—The first practical business meeting of the International Workingmen's Congress was held today. The subjects on the programme for discussion included international labor legislation, a regulation by-law of the working day, embracing day-work, night-work, holidays, work of adult, males, women and children. Second, inspection of workshops, factories and domestic industries. Thursday, the ways and means to obtain their demands. The number of delegates in attendance is not as large as expected, but Secretary LaFayne says there will be large accessions on the trains arriving to-day and to-morrow.

To Increase the French Navy.

PARIS, July 15.—The Chamber of Deputies to-day passed a supplementary credit of £2,320,000 asked by the Minister of Marine for the purpose of building new warships.

Parnell to Withdraw.

LONDON, July 15.—It is given out that late this evening a meeting was held at the chamber of Sir Chas. Russell, and all the counsel for the Parnellites before the commission were present, and that it was decided that all withdraw from the case next Tuesday. Mr. Lockwood, Mr. Reed and the junior counsel before the commission, as well as Sir Chas. Russell himself, are said to have consented to this move, which Parnell is known to have favored ever since the adjournment of the commission last Friday. The report, however, lacks confirmation.

The Shooting at Wimbledon.

LONDON, July 15.—In the shooting to-day for the National Challenge Trophy, the English team won with a score of 1,748, the Scots making 1,708, the Welsh 1,681, and the Irish 1,678.

SPORTS AND PASTIMES.

BASEBALL.

An interesting game of baseball was played on St. Louis college grounds yesterday between the "Young Amities" and a scratch nine. Six innings were played and resulted in a victory for the former nine by a score of 22 to 17. The players were: Young Amities—Chas. Geiger, Fred. George, Ed. Geiger, R. Burnes, Chas. Jaynes, H. Marboeuf, W. McKeown, L. Gill, Tom Moody. Scratch nine—Allan Calwell, W. F. Whitley, H. Gibson, W. Winger, Jack Ruthven, Bud King, Dudley Hepworth, Tom Fletcher and Fritz Gaylor. A. Huxtable, umpire; Ed. George, scorer.

THE STAGE.

Annie Pixley is the guest of Buffalo Bill at Paris, where Robert Fulford is searching for new material for plays.

The plot of Jos. Grismer's new play, "The Burglar," is unlike anything known in modern drama, and the situations are entirely new.

George C. Miln played "Hamlet" for a run of four weeks at the opera house in Melbourne, Australia, reviving "Richard III." to good business thereafter.

James A. Herne is lying dangerously ill at his home in Dorchester, Mass.

LACROSSE.

A special meeting of the Victoria Lacrosse Club is called for 8 o'clock this evening. Everyone turn out.

THE RIFLE.

The sixteenth annual prize meeting of the B. C. Rifle Association will be held at New Westminster on Tuesday, August 6th, and following days. The rifles to be used are the Martini-Henri and Short Snider. The prize list will be published in a few days. It is proposed by the militia and N. W. Rifle association to give the visitors a good reception, and it is probable a ball and presentation of prizes will be arranged.

M'INTYRE ARRIVES.

Peter McIntyre, the San Francisco sprinter, arrived by the Sound steamer last evening, and will at once go into active training for his race with Watson.

ADMIRAL KIMBERLY

Deprives Capt. Mullan of the Command of the Nipsic.

The Latter Demands an Enquiry, when Considerable Light will be Thrown on the Samoan Disaster.

WASHINGTON, July 14.—The Herald to-day says: The navy department will send out in the steamer which leaves San Francisco next Saturday for Honolulu, a cast iron screw weighing over 8,000 pounds. This is intended for the Nipsic, now at that port. The order of Admiral Kimberly, sending the Nipsic home in tow of the Alert, is looked upon as a most remarkable one. When he ordered the ship to Auckland it was against the protest of Commander Mullan. The ship was without a rudder and a jury rudder was rigged by order of Admiral Kimberly. Before the ship got out of harbor it broke, and it was only by superhuman efforts that the Nipsic was prevented from going on the reef for a second time. Once more she started, and again broke down, and had to return to Apia. Admiral Kimberly was now at a white heat, and lost no time in stripping Commander Mullan of the command of the ship. He then ordered both ships to San Francisco. Of course the coal of the Alert soon gave out, and the poor old Nipsic had to be left at Fanning Island until the Alert could go north and get more coal. When this became known the department decided to send a new screw for the vessel, and fortunately one was found at the Mare Island navy yard. Over $10,000 has been spent already for coal alone, and the ship is not half way home. It does seem strange that such an order should have been given, especially in the face of the protests of the two commanding officers. The Alert could not carry coal enough to steam that distance. There will certainly be a court of inquiry on the subject, as Commander Mullan will not rest under the imputation put upon his character by the admiral. It is stated in navy circles that when this does come about there will be considerable light thrown upon the Samoan disaster which as yet has not been brought to the surface.

There was no Robber.

At about 1 30 o'clock this morning the watchman in Garesche, Green & Co.'s bank fancied he heard some intruder in the bank, and he at once communicated with the police station. Sergeant Walker and four officers were on the spot in a few minutes, but a thorough search of the premises failed to find a burglar.

During an early morning drunken row on Yates street, one of the participants was thrown through Mr. Chas. Dexheimer's jewelry store window on Yates street. The crash of broken glass caused quite a crowd to gather, and an officer took the names of the parties most interested.

Dr. Child's Pile Ointment instantly relieves and permanently cures Piles, Pruritus and all hot and itching sores and eruptions. Price, $1. Of druggists.
je13

Stop That Cough.
Many people neglect what they call a simple cold, which, if not checked in time, may lead to Lung trouble. *Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites,* will not only stop the cough but heal the lungs. Endorsed by thousands of physicians. Palatable as Milk. Try it. Sold by all Druggists at 50c. and $1.00. jl15-1m

PARTIES requiring Furniture of the latest designs in either English or American styles, will find it to their advantage to call on J. SEHL, 68 Government street. SUNDAY'S DESPATCHES

Swept Out of Existence by a Tornado.

Shocking Death of Two Men in a Pittsburg Sewer.

Loss of a Steamer on Lake Erie—Sullivan Still in Hiding—Murdered for Ten Cents.

The Law Must be Respected.

MERIDIAN, Miss., July 14.—District Attorney Nevill returned from Jackson on Friday night, where he had been summoned by the governor to consult with him and the attorney-general as to what steps should be taken in order to bring to justice the participants in the recent prize fight. It has been freely rumored that some of the officials were bribed not to interfere with the fight. Mr. Nevill will investigate the matter in all its bearings, and will take legal steps against all parties implicated in it.

Coming to Canada.

CHIPPEWA FALLS, Wis., July 14.—J. L. Newald, who is prominent in political circles here, is said to have raised money to the amount of $40,000 on bogus paper and fled to Canada. A dozen detectives are searching for him, spurred on by an offer of a reward of $1,000 for his arrest. M. D. Newald, a brother; H. Heilbronne, of Milwaukee, and D. Hammel, of Appleton, are here and claim to have been victimized to a large amount. The reward of $1,000 for his arrest is offered by the Lumbermen's National Bank of this city.

Lightning Did It.

ST. JOSEPH, Mo., July 14.—Lightning this morning struck the works of the Consolidated Tank Line Co. of this city and completely destroyed them. Loss, $75,000.

Death in a Sewer.

PITTSBURG, July 14.—At 2 o'clock this morning the mud bank over the well of the Soho street sewer gave way, and five workmen, who were trying to loosen a mass of debris from below, were caught in the rush of mud and water and carried hundreds of feet through the main sewer into the valley below. Wm. Daily was found dead near the mouth of the sewer, with two coils of fire hose about his neck. Andrew N. McGregor died at 3 o'clock this morning. Robert Munn, foreman, was seriously injured. Wm. M. Clay and Joseph McCarthy were terribly bruised. No one is directly blamed for the accident. The bodies of the victims were terribly mutilated by being dashed from side to side of the sewer and the narrow gully down which they were hurled by the rush of water.

The People Condemn Prize Fighting.

NEW ORLEANS, July 14.—A dispatch from Purvis, Miss., says that a meeting of the citizens was held there yesterday, and strong resolutions were adopted endorsing the course of Governor Lowery in attempting to bring to punishment the prize fighters and their abettors, and pledging their support and aid in this direction. A resolution was also adopted expressing their firm belief in the honesty and integrity of Sheriff Cowart, and expressing the opinion that he was powerless to do more than he did on the occasion of the prize fight.

Frenchmen Celebrate.

NEW YORK, July 14.—The French citizens of New York and vicinity began the 100th anniversary of the fall of the Bastile, with a grand reception and concert at Washington Park. The exercises opened with an official reception to Consul-General Brunwaert, in which M. Henry Maillard, president of the French centennial committee made the address of welcome. The consul made a few remarks in response, and was followed by Charles Villard, Joseph Theron, president of the French Benevolent society, and others. Letters of regret were read from President Carnot, Ferdinand DeLesseps, F. R. Coudert, Mayor Grant, Governor Hill, President Harrison, Vice-President Morton and ex-President Cleveland.

Lost on Lake Erie.

MARQUETTE, Mich., July 14.—The propellor Smith Moore, of Cleveland, at two o'clock yesterday morning, laden with iron ore, collided with the propellor James H. Pickands, of the same line, during a heavy fog when ten miles off Grand Island, and was badly disabled. She was picked up an unknown steam barge, which attempted to get her into shallow water inside Munising Harbor. When about 300 feet from the sandbar, across the mouth of the harbor, however, the Smith Moore began to sink, and the steam barge, after taking off all of crew, let go. The Smith Moore filled rapidly and went down in a few minutes. She lies in a protected position, and it is believed she can be raised without much difficulty.

Johnson's Opinion.

NEW YORK, July 14.—Chas. Johnson, one of Sullivan's backers, arrived here and was asked if he knew where Sullivan was. He replied that he did not and wouldn't tell if he did. He said that Sullivan would never enter the ring again with bare hands. Johnson expressed the opinion that when the present excitement had died out the matter of arrest would be allowed to drop.

Shot Dead.

BALTIMORE, July 14.—Elizabeth Ellen Gross shot and killed James E. Coates, early this morning. The Gross woman states that Coates was beating his wife, and she (Gross) told him he should be ashamed. Coates said he would kill her. Shortly after Coates whipped out a razor and used threatening language to the Gross woman, when she took the pistol out of her pocket and shot him dead.

Murdered for Ten Cents.

ROCHESTER, Minn., July 14.—John Hessinger, of Easton, Pa., was murdered on Main street last evening by a tramp. Hessinger refused to give the fellow ten cents with which to buy whiskey, and was shot in the spine, the murderer escaping to the woods. Twenty tramps were captured near the city limits and one of the gang identified as the murderer.

Picked Up by the Wind.

CINCINNATI, July 14.—The village of Princeton was almost wiped out of existence by a tornado this afternoon, and it is reported that fifty people were killed. Not a house escaped damage; some of them were blown entirely away. Every house was more or less wrecked, and some of them entirely destroyed. In some instances not a trace of the structure that had stood on the spot. The news was brought to Hamilton by persons sent for assistance, but who were unable to give any idea of the loss of life or property. There were some twenty or more buildings in Princeton, which had a population of 200.

AN ANTIPATHY.

Whatever may be said of the timidity of the organ of the Opposition and its disposition to trim on important matters of public interest, there is one subject on which it is always pronounced, and on which the sound it utters is never uncertain. That subject is the Provincial Secretary. Its antipathy to that gentleman borders almost on insanity. Whatever he says or does is with the organ either wrong or out of place. It distorts his simplest and most ordinary utterances, and ingeniously misrepresents his actions, official and unofficial. It is apparently impossible for it to speak the truth with respect to the Hon. Mr. Robson, or to mention his name without attaching to it some disparaging or offensive epithet.

Our contemporary is so evidently a monomaniac on the subject of the Provincial Secretary, that it was only to be expected that it would strain its ingenuity to twist his address to the candidates for teachers' certificates into a speech of deep political significance. The speech was addressed to teachers and those who intended to be teachers. The interests of education, and of education in this province, was the speaker's sole topic, yet the organ represents him as haranguing teachers and prospective teachers on the "shortcomings of his political enemies."

What was more appropriate than for the head of the Education Department to congratulate the candidates on the progress of education in the province; to impress upon them the necessity of qualifying themselves, both scholastically and morally, for the very responsible position they occupied and sought to occupy, and to allude to the objections that are made to the system of education which it was their business to carry out? Mr. Robson made no mention of a single political opponent, and so far from attempting to "bulldoze" those whom he was addressing, he spoke to them in the most kindly manner. This the readers of the organ would have seen if the Times, as it was in fairness bound to do, had given its readers a report of the Provincial Secretary's address. But there is method in our contemporary's mania. With the cunning that the demented are observed to possess, it never gave its readers one word of the speech which it undertook to criticise and to condemn. This was unfair to its readers and, of course, unfair to the Provincial Secretary. But so deranged has the organ become on the subject of that official that it evidently considers it a virtue to paint him on all occasions in the very blackest colors. But admitting that there is no gleam of reason in its antipathy to Mr. Robson, it surely has some regard for the good opinion of its patrons. Those of them who are at all fair-minded must be disgusted when they see in the columns of the organ a violent and an unqualified condemnation of a speech which it is afraid to publish, lest its readers should by its perusal be led to form a good opinion of the gentleman who delivered it and be in a position to see the injustice and the utter senselessness of the organ's criticisms.

It is amusing to see the newspaper which pursues such a course as this accusing anyone of partisanship. What can be more partisan than to publish a severe criticism on the speech of a public man, which it has neither the fairness nor the honesty to publish? Let the Times publish the Provincial Secretary's speech and then its readers will see how much truth and fairness its comments contained.

THE IMPERIAL INSTITUTE.

We trust that the Provincial Government will do all in their power to have British Columbia adequately represented in the Imperial Institute of the United Kingdom, the Colonies and India. If the different colonies and provinces have an enlightened regard for their own interests, the visitor to the Institute will be able to get a better knowledge of the resources, the capabilities and the social and industrial condition of any one of them, than if he had made a journey to it and spent months in examining it.

All the colonies complain that the people of the United Kingdom and of the countries on the continent of Europe, know very little about them, and that when any of them do visit them, they have as much to unlearn as to learn. But if there were such a place as the Imperial Institute in London, easy of access, and furnished with everything necessary to facilitate the enquiries of the intending emigrant in search of information, this ignorance would be dispelled and the false impressions that colonists complain of would be removed.

If British Columbia, for instance, should send to the Institute samples of its minerals, in the ore and manufactured, of its agricultural products, its fish, its timber, its manufactured products, together with well-executed photographs of its towns, its rivers and its mountain scenery, if it sent, too, well-written and reliable descriptions of the country, its climate and everything connected with it, the visitor to the Imperial Institute could in a few days of careful study at a slight expense know as much about British Columbia as if he had resided in it for years. If, besides these sources of knowlege, there was in the Institute an intelligent official who knew all about British Columbia, whose sole business it would be to give visitors information about the country in reply to any questions that might be asked, there would in a very short time be no excuse for any one in the three kingdoms, having the slightest interest in this province, being ignorant of any matter relating to it. That hundreds of thousands will avail themselves of the facilities afforded by the Institute to obtain a knowledge of the colonies and India we have not the slightest doubt. The reader can readily understand how complete a knowledge an intelligent enquirer can obtain in an institution where there are not only books and maps and photographs to study, but where the products of sea and land, of farm and factory, are at hand to be examined as long and as carefully as the enquirer wishes, and where this great object lesson is supplemented and enforced by the living voice of one who is selected for the duty of answering enquiries because he is thoroughly acquainted with the particular country which is the object of enquiry.

The Institute will, no doubt, be a favorite place of resort for business men from all parts of the Empire. Each of them will know that he can get there, quickly and easily, the information that he needs. His object will be furthered by meeting there persons on the same errand as himself, of whom he can make enquiries and to whom he can impart information. This interchange of ideas will materially aid in the spread of reliable information respecting the different parts of the Empire, and will do not a little to create and to maintain a feeling of British nationality in its most extended sense. Our readers will, we think, agree with us that Sir Somers Vine's mission is a very important one from a colonial point of view, and that it well deserves the aid of every public man in every part of the Empire.

TWO MEMORIALS.

We have received by the English mail copies of the memorials sent by the committee of the Protestant Alliance to Lord Knutsford, Secretary of State for the Colonies, praying that the Jesuits' Estate Act be disallowed, and that "measures be taken by Her Majesty's Government on the part of the Crown to prevent any such act being carried into effect." The replies of Lord Knutsford accompany the memorials.

It is a little surprising that intelligent Englishmen, who have at heart the welfare of the Empire, would invoke the interference of the Imperial Government in the domestic affairs of any colony or the integral part of any colony. Such interference could not by any possibility do the slightest good, while it might be, and probably would be, productive of a great deal of harm. The colonies, without exception, set a very high value upon self-government. They believe that it is their right to manage their own affairs in their own way, and they are convinced that they understand their own business better than it is understood by even the wisest and best-informed on the other side of the Atlantic. Any interference in what they regard as their particular concerns by the Imperial Government would therefore be bitterly resented, not only by those whose affairs are meddled with, but by all in the same country who set a high value on the privilege of self-government. This the statesmen at the head of the Imperial Government know very well. Self-government has been freely extended to the people of Canada. A constitution has been given them and they are expected to govern themselves by that constitution without interference from the Imperial Government or any other power. Consequently, the reply of the Secretary of State for the Colonies to the memorial is as brief as regard for official courtesy permits. The memorialists are told that his Lordship has carefully considered the memorial, "but that allowance or disallowance of the Act of the Provincial Legislatures of the Dominion of Canada is a matter that rests entirely with the Governor-General, acting on the advice of his responsible Ministers."

This is as it should be. We in Canada are left to fight out our own battles. If the aid of the Imperial Government can be successfully invoked to help one side in a domestic quarrel there is no telling how often the experiment may be tried or to what results it may lead. If Lord Knutsford came to the aid of the memorialists this year they would for the moment be pleased no doubt; but next year his aid might be prayed for with equal success in a cause which the memorialists might regard as bad and dangerous to the well-being of the country. They would then protest vigorously against Imperial interference in the domestic affairs of the Dominion, but having themselves created the bad precedent that was followed they would have very little sympathy. All things considered we feel sure that nine intelligent Canadians out of ten cordially approve of the course taken by Lord Knutsford. In declining to interfere in the dispute relative to the Jesuits Estate question he has refused to create what might turn out to be a very mischievous precedent.

The memorialists were not satisfied with the Secretary of State's decision and sent a second memorial, which may be regarded as a remonstrance and an argument. They undertake to show Lord Knutsford that he misinterpreted the law and that their view of the duty and the power of the Imperial Government was the correct one. His Lordship does not argue with those who try to instruct him as to his duty. His reply to the second memorial is a little shorter and more concise than was his answer to the first. He tells them that he has nothing to add to his first letter, and directs their attention to sections 55, 56 and 90 of the British America Act, 1867. We do not think that the Protestant Alliance will trouble the Secretary of State for the Colonies with a third memorial.

The Power that Moves the World

DR. McLENNAN'S
MAGNETIC CURE

FIRST ANNUAL TOUR
—OF—
D. McLENNAN
—OF—
SAN FRANCISCO, CAL.

THIS WONDERFUL MASTER OF THE Healing Art has arrived in the city, where he intends to remain for a short time, to cure the sick and afflicted of this vicinity. He comes to us laden with testimonials from the leading citizens of California and the Sound. In San Francisco he has practiced for the past sixteen years, and the authenticated reports of some of his cures seem nothing short of miraculous. He uses no medicine and perfects his cures mostly by the WONDERFUL POWER OF MAGNETISM, the gift of but few men on earth. This is the only method of treatment that restores the life-giving principle, magnetism, to the system, thereby increasing the vital powers and electrifying the nervous system, sending the blood coursing and bounding through the veins, withdrawing and allaying in a few minutes all pains and aches from whatever source.

The diseases which yield most readily to the curative agency of this method, as practiced by McLennan, are: Asthma, Bronchitis, Consumption, Deafness, Eruptions, Gravel, Paralysis, Loss of Voice, Wakefulness, Diarrhœa, Dropsy, Fits, Piles, Scrofula, Swellings, Wens, Spinal Complaint, Cold Feet and Hands, Biliousness, Contracted Limbs, Diseased Kidneys, Erysipelas, Nervous Depressions, St. Vitus's Dance, Weak and Failing Limbs, Mental Depressions, Diseases of the Brain, Dyspepsia, Diabetes, Stricture, Impotency, Tape Worm, Carbuncles, Costiveness, Palpitation of the Heart, Liver Complaint, Seminal Weakness, Falling of the Womb, Catarrh, Heart Disease, Fever Sores, Lameness, Rheumatism, Swollen Joints, Weak Lungs, Gout, Goitre, Coughs, Diseases of the Eyes, Neuralgia, Tumors, Tetters, Cancers, White Swellings, Leucorrhœa, Ague and Fever, Milk Leg, etc.

No Medicine Given!
No Surgical Operation!
No Pain Whatever!

Don't fail to purchase DR. McLENNAN'S Electro-Magnetic Body Battery.

THE LATEST RAILWAY PROJECT.

To the Editor:—I hope to see Victoria progress, but if she gives half a million of money to Amor de Cosmos to build a railway that won't be wanted for the next ten years, and in the meantime goes without drainage and has to put up with an imperfect water supply, what sort of progress do you call that?

True, we have a 16-inch main from the lakes, but we get no more water on Government street than we did before, as the main is only 4-inch, to supply water and put out fires on this street. Yates and Wharf streets have only 5-inch pipes. Fort and Johnson streets have only 2½-inch pipes!

Thus the business part of the town is just as much exposed to a conflagration loss as it was last year, and our supply of water for all purposes just as defective, below Blanchard street.

I say, for Victoria to make a standing offer of a million dollar bonus to any company which will build the Canadian Western Central Railway to Edmonton, Dunvegan or Prince Albert, but to destroy our financial credit by making half a million loans to Tom, Dick or Harry for useless schemes, when we have neither drainage nor proper water distribution service, is absolute folly.

The ratepayers are not fools; but why put the city to the expense of an election just to vote down such a silly proposal? Anti-Humbug.

CANADA AND THE STATES.

To the Editor:—Since I have been here, now only a few days, I have read more in The Colonist and another paper, a wish (perhaps only on the part of the States) that Canada would at no distant date join the States. I never read of such a report in any of the English papers, but I hope the Canadians will never commit such a suicidal policy. They have nothing to gain by such an act, but a great deal to lose. There is a great future before the Dominion and in the course of fifty years more will be able to give a good account of herself. If she wishes to become a republic and independent, I dare say England will let her have her own way, for she will never go to war with her to retain her as a colony. We had quite enough of that when we went to war with the Americans, although they have never forgiven us; but the Americans ought to know that it was not the English people that wished to go to war, but an imbecile King. It is time now that that was all forgotten and forgiven. We have forgiven the Americans for getting the best of us, and now is the time to go hand in hand marching in the future.

England's policy is for the uniting of the English speaking race throughout the world, and in case of one part being attacked it means an attack on the whole race, so if they were combined in that way it would be a long time before any foreign nation would think of domineering over us.

The colonies should bear in mind that the protection afforded by England in their young days was all extended by John Bull, and even now the colonies do not bear their proportion of expenses, although they are well able to do it.

The Australian colonies are now waking up a little for they find that the older they get the more independent they must be.

C. J. Jessop.

Victoria, July 13th, 1889.

INTERIOR NOTES.

(From the Inland Sentinel.)

The heat during the past week has been very intense, and old-timers comfort the Che Chaco by informing him it will be still hotter before the season closes.

The Rev. S. C. Scholefield has been appointed by the Bishop of Columbia to the rectorship of St. Pauls, Esquimalt. It is not mentioned who is to take Mr. Scholefield's place at Kamloops.

Mr. F. Bennett, late of the firm of Lumby & Bennett, farmers in the Spallumcheen Valley, has been calling on friends in town this week, bidding them adieu. Mr. Bennett leaves British Columbia in 3 weeks for England, going by way of the C.P.R. to Montreal, and stopping off for a few days each at the principal cities en route. It is 21 years since Mr. Bennett came to British Columbia, coming direct from England by way of the West Indies, and landing at Victoria. Since that time he has not been out of the province, and for the past 12 years has been in Victoria only three times, his whole time being spent in the inland country.

On Sunday last, early in the afternoon, there reached Kamloops a drove of sheep numbering over 2,500, in charge of five men and two or three dogs. The sheep were purchased in Washington Territory, and were driven a distance of 400 miles, being five weeks on the road.

Mr. Hagan, of Okanagan Mission, passed through Vernon on the 5th inst., on his way to Kamloops, and informed us that he saw at the Hudson Bay store there a quantity of gold taken out at the new diggings on the creek on the west side of Okanagan Lake, and eight miles from the head of the Lake. The excitement had abated somewhat, but a large number had reached the attractive locality, and preparations were going forward to search for the "precious metal." It was expected the dispute with the Indians would soon be settled.

EMPIRE VALLEY.

Farmers expect to commence haying next week, and if the weather continues as dry as it has been the last month or so, it will be a treat to the hay-makers.

The claim situate at Gaspard Creek is paying from two to three dollars a day. It is owned by Chinese.

LILLOOET.

Grain in and around Lillooet is very light owing to the dry summer.

Mining here has been stirred up a little by the recent discovery of a quartz ledge on Bridge river by J. R. Williams, one of Lillooet's most enterprising and energetic prospectors. It is stated by knowing ones that a stamp mill is already en route from 'Frisco. It is sincerely hoped by all that this ledge will make good returns. The owners have confidence that it will yield well.

MONEY

To invest in large or small sums, at short notice, at lowest rates of interest.

P. O. Address, Box 188. Telephone No. 74.

MUNICIPAL.

A BY-LAW,

To enable the Corporation of the City of Victoria to raise the sum of $70,000 for Water Works purposes.

Whereas it is expedient to raise a sum $70,000 for the purpose of completing the new 18-inch main and for extending the said water works.

And whereas for the purpose aforesaid, it is intended to raise by way of loan upon the credit of the said city the sum of $70,000.

And whereas it will require the sum of $1,928 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned.

And whereas, as the amount of the whole ratable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000, irrespective of any future increase of the ratable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $70,000, and interest as hereinafter mentioned, it will require an equal annual special rate of (8-100) eight one hundredths of one percent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $70,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects hereinbefore recited.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 30 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said City of Victoria and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of 5 per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of 8-100 (eight one hundredths) of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time, to purchase any of the said debentures and such debentures shall be so expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures shall be made in consequence of such re purchase.

7. This By-Law shall, before the final passing thereof, receive the assent of the electors of the said corporation in the manner provided by the Municipal Act, 1889, and shall take effect on the first day of August, A. D. 1889.

8. This By-Law may be cited as the "$70,000 Waterworks Loan By-Law, 1889."

Passed the Municipal Council this 10th day of July, A. D. 1889.

Take Notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at Burnes' Building, Bastion square, for the Yates street ward; the Council Chambers for Johnson street ward; the Hook and Ladder House for James Bay ward, on the 23rd day of July, A. D. 1889, and the polls will be kept open between the hours of 8 o'clock a. m. and four o'clock p. m.

A BY-LAW,

To Enable the Corporation of the City of Victoria to Raise the Sum of $60,000 for Water Works Purposes.

Whereas, it is expedient to raise a sum of money for the extending of the general distribution of the water of the water works of the said City of Victoria;

And whereas, for the purpose aforesaid it is intended to raise by way of loan, upon the credit of the said City, the sum of $60,000;

And whereas, it will require the sum of $4,225 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned;

And whereas, as the amount of the whole rateable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000 irrespective of any future increase of the rateable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof;

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $60,000, and interest as hereinafter mentioned, it will require an equal annual special rate of 7-100 of one per cent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $60,000, and cause the same to be paid to the treasurer of the said corporation for the purpose and with the object hereinbefore recited.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 30 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said City of Victoria and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of five per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of 7-100 of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all ratable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures, and such debentures shall be so expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures shall be made in consequence of such re-purchase.

7. This by-law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided by the "Municipal Act, 1889," and shall take effect on the first day of August, A. D. 1889.

This by-law may be cited as the "$60,000 Water Works Loan By-Law, 1889."

Passed the Municipal Council this 10th day of July, A. D. 1889.

Take Notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at Burnes' Building, Bastion Square, for Yates Street Ward; the Council Chambers for Johnson Street Ward; the Hook and Ladder House for James Bay Ward, on the 23rd day of July, A. A BY-LAW.

For Raising the Sum of $25,000 to improve and beautify the Public Pleasure Grounds.

WHEREAS it is expedient that Beacon Hill Park and its approaches and the lands recently transferred to the City for an Esplanade, Parks, Gardens or Pleasure Grounds, should be improved and beautified;

And whereas the estimated cost of the said improvements and works is $25,000, which sum it is proposed to raise by way of loan upon the credit of the said City, as hereinafter mentioned;

And whereas it will require the sum of $1,760 to be raised annually by special rate for the payment of the debt intended to be hereby created and the interest thereon;

And whereas the amount of the whole rateable property of the said City according to the last Revised Assessment Roll, is $5,758,000;

And whereas, it will require an annual special rate of 3-100 of one cent in the dollar for paying the interest and creating an equal yearly sinking fund for paying the principal of the said intended debt, according to the Municipal Act, 1889;

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation;

Be it therefore enacted by the Council of the Corporation of the City of Victoria as follows:

1. That it shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $25,000, and to cause the same to be paid into the hands of the Treasurer of the said City for the purpose and with the object hereinbefore recited.

2. That it shall be lawful for the said Mayor to cause any number of debentures to be made for such sum or sums of money as may be required either in currency or sterling money, not less than $1,000, or its sterling equivalent each; and all such debentures shall be sealed with the seal of the said corporation and signed by the Mayor.

3. The said debentures shall be made payable in 30 years from the day hereinafter mentioned for this bylaw to take effect at the office of the said treasurer, City Hall, Victoria, and shall have attached to them coupons for the payment of interest.

4. The said debentures shall bear interest at the rate of 5 per centum per annum from the date thereof, which interest shall be payable yearly at the office of the said treasurer.

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest to become due thereon an equal special rate of 3-100 of one cent in the dollar shall, in addition to all other rates, be assessed, raised, levied, and collected in each year upon all ratable property within the said city during the said term of 30 years, unless such debentures shall be sooner paid.

6. That it shall be lawful for the said municipal council, from time to time, to purchase any of the said debentures, and such debentures shall be so expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures shall be made in consequence of such re-purchase.

This by-law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided by the "Municipal Act, 1889," and shall take effect on the first day of August, A. D. 1889.

This by-law may be cited as the "Pleasure Grounds Loan By-Law, 1889."

Passed the Municipal Council the 10th day of July, A. D. 1889.

Take Notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at Burnes' Building, Bastion Square, for Yates Street Ward; the Council Chambers for Johnson Street Ward; the Hook and Ladder House for James Bay Ward, on the 23rd day of July, A. A BY-LAW,

To enable the Corporation of the City of Victoria to raise the sum of $15,000 for Fire Department purposes.

Whereas it is expedient to raise a sum of money for the purpose of purchasing a new Steam Fire Engine and other necessary articles in connection therewith;

And whereas, for the purposes aforesaid, it is intended to raise by way of loan, upon the credit of said city, the sum of $15,000;

And whereas it will require the sum of $1,060 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned;

And whereas, as the amount of the whole ratable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000 irrespective of any future increase of the ratable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $15,000, and interest as hereinafter mentioned, it will require an equal annual special rate of 1-55 of one per cent. on the dollar.

And whereas, it is inteded to reduce the general rate so that tre said special rate shall not increase the total rate of taxation

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria.

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $15,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects hereinbefore recited.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in thirty years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said City of Victoria, and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of 5 per centum per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of 1-55 (one-fifty-fifth) of one per cent, on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all ratable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures and such debentures shall be so expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures shall be made in consequence of such re-purchase.

7. This by-law shall, before the final passing thereof, receive the assent of the electors of the said corporation in the manner provided by the Municipal Act, 1889, and shall take effect on the 1st day of August, 1889.

8. This by-law may be cited as the "Fire Department By-law, 1889."

Passed the Municipal Council the 10th day of July, A. D. 1889.

Take Notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at Burnes' building, Bastion Square, for the Yates street ward; the Council Chambers for Johnson street ward; the Hook and Ladder House for James Bay ward, on the 23rd day of July, A. D. 1889, and the polls will be kept open between the hours of 8 o'clock a. m. and 4 o'clock p. m.

The Aldermans Remuneration
BY-LAW.

Whereas, under and by virtue of the Municipal Act, 1889, it is enacted that the Council of every Municipality may from time to time make, alter or repeal By-Laws for (*inter alia*) paying the Aldermen out of the annual revenue a sum of money not exceeding Two Hundred Dollars ($200.00): Be it therefore enacted, by the Municipal Council of the Corporation of the City of Victoria, as follows:—

1st. There shall be paid to each Alderman for the time being of the said City of Victoria, out of the annual revenue of the said city, the sum of Two Hundred Dollars ($200.00).

2. This By-Law may be cited for all purposes as "The Aldermans Remuneration By-Law, 1889."

Passed the Municipal Council the 26th day of June, A. D. 1889.

Re-considered and finally passed the Council, this 3rd day of July, A. D. 1899.

Steamer Ancon left for Alaska at noon on Sunday.

S. S. Port Fairy sails to-day from Vancouver for the Orient.

The Alaska steamer Karluk is expected to come out of the dock to-day.

Barque Janet Ferguson has completed discharging at the Rice Mills, and is now taking on ballast.

The ship Titania was last evening brought from Esquimalt harbor to the H. B. Co.'s dock, where she will finish discharging.

Steamer Corona arrived at the ocean dock at 3 o'clock on Sunday morning from Alaska, and left an hour later for the Sound.

Steamer Corona is expected to go into the dry dock at Esquimalt on Thursday, to have her propeller repaired. One of the blades was broken on the last trip to Alaska.

British barque Archer, from Portland, via Queenstown, arrived at Liverpool on July 7th. She will sail not later than Sept. 20th, direct for Victoria, consigned to Turner, Beeton & Co.

The steamer Eliza Anderson is to be placed on the Sound-New Westminster route. She will make her first trip next Wednesday, and will make two trips a week, and will touch at Roach Harbor and Whatcom.

Ship Doris Brodersen will be brought to Spratt's wharf to-day to discharge the machinery for the new steamer for Ewen's cannery that was brought from Glasgow in sections and is now being put together.

The steamer Danube arrived early yesterday morning from Vancouver, with the freight for Victoria consignees brought from China and Japan by the s.s. Port Fairy. After discharging cargo, the Danube passed on to the Sound.

Mattie Vickers in "Jacquine."

The Mattie Vickers Comedy Company are billed to appear at The Victoria on Friday next, the 19th inst. Speaking of Miss Vickers' engagement at the New Park Theatre, Portland, the Oregonian says:

Miss Vickers, the charming soubrette, certainly can not complain of lack of appreciation, if one may judge by the enthusiasm which prevailed at the New Park last evening on the occasion of her first appearance before a Portland audience. She seemed to jump at once into favor with the audience and held it to the end.

Her play "Jacquine" has been aptly described as a satire upon life behind the scenes. As such it is a clever piece of work and furnishes a most appropriate vehicle for the display of the specialties in which Miss Vickers has been so much lauded. Her singing of "Pretty as a Picture," and her clever, graceful dancing, received a merited encore.

In the second act she does as artistic a piece of dialect character work in the song and dance, "Katrina, the German Bird Vender," as one could wish to see. The house is literally in roars of laughter over her struggles with the English vernacular. The entire scene of this act fairly runs over with amusing comedy. The last act is the most enjoyable of the play, and the work of Miss Vickers and Mr. Rica in their medley of popular songs and dances receives most hearty applause.

For those who want to see clever comedy "Jacquine" will furnish abundant material.

British Columbia at the Imperial Institute.

Sir Somers Vine had an interview with the members of the Provincial Government yesterday morning, and after laying before them all particulars in regard to the Imperial Institute project, received their promise to lend all the assistance in their power to make the British Columbia court a worthy representation of the province. The government are very favorably impressed with the advantage of having the province well represented at the Institute. Sir Somers will meet the executive again this morning.

LOCAL AND PROVINCIAL.

At Government House.

Sir Somers Vine, the members of the Provincial Government, and Mr. Robert Ward, President of the Board of Trade, were entertained at dinner at Government House last evening.

Heine's Daughter Dead.

Madame Stoeving, the celebrated blind pianiste, and eldest daughter of Josef and Madame Heine, who, not long ago, paid a visit to Victoria, died suddenly at Union, Ill., while on a visit to friends there. She was the wife of Herr Paul Stoeving, of the Boston Quintette Club.

Bound for Victoria.

The steamer Mexico sailed from San Francisco on Sunday, with the following passengers for Victoria: Mrs. Eidenmuller, Mrs. Bechtel, J. Surr, Mrs. R. Parker, R. Armstrong, Mrs. J. H. Langly and child, F. R. Murray, A. H. Mead, D. H. Watson, H. Richards, J. Baine, Miss Murray.

The Amelia to be Sold.

Mr. W. R. Clarke, auctioneer, will sell to-day at his salesroom, on Wharf street, opposite the E. & N. railway depot, the steamer Amelia, as she now lies in the harbor. It is stated that several steamboat men from the other side are in the city, with the intention of bidding.

In the Bright Light.

Last evening, 67 of the new Ball pattern electric lamps shed their light over the dark places of the city for the first time. They are worked on a separate circuit by two new dynamos, and everything worked satisfactorily. Only a few more lights remain to be located, and then Victoria can claim the honor of being the best lighted city on the coast.

Mr. McGregor's Donation.

Mr. James McGregor, librarian of the Victoria free library, has presented to the city the complete edition, 30 volumes, of the Annual Encyclopedia, published by D. Appleton & Co., New York, and one of the most valuable, if not the most valuable, works of reference issued. The set of books is complete up to 1888, contains in all about 30,000 pages, is well illustrated, and substantially bound in sheep.

Three Whiskey Cases.

In the provincial court yesterday, Edwin Johnson, Q.C., S.M., presiding, "Doctor," a Beechy Bay Indian, for having whiskey in his possession was fined $25 and costs. Another festive red man named Peter, who had taken the same prescription on the reserve, was fined $50 and costs—$56 in all. Mary, klootchman to the aforesaid Peter, for partaking too freely out of her companion's black bottle, was fined $10, with $8 costs.

For Northern Ports.

The steamer Sardonyx, Capt. Meyers, sailed from Spratt's wharf at 5 o'clock last evening, for Queen Charlotte Sound, and all northern ports. She had a heavy freight list, the cargo consisting of a large quantity of cannery supplies, and and also supplies for the fishing stations on Queen Charlotte Islands. The passenger list was as follows: Mr. and Mrs. McLellan, Miss Grubbs, Miss Roscoe, J. B. McCreedy, Miss Parks, J. C. Spencer and Benj. Youmans.

Mechanics' Attention.

Carpenters aprons, 25 cents. Painters overalls and blouses, 50 cents each. Brown duck blouses, 75 cents. Blue denim jumpers, three different makes, $1.00. Grey, blue, brown and striped overalls, $1.00. Machinist overalls, with apron and braces, $1.00. Masons, same make, $1.00. Check blouses, 60 cents. Check jackets, $1.00. Blue denim jackets, $1.00. Serge suits, $5.00. Serge coats, $2.75. Call and see these goods at CAMERON's, 55 Johnson street.

City Police Court.

Hon. A. N. Richards, P.M., sitting in this court yesterday morning, after hearing evidence in the case, sentenced John McDonald, charged by the C.P.N. Co. with assault upon another of the deck hands named Sydney Turpin, to three months' imprisonment at hard labor. Mr. G. G. Gwynne, of Davie & Bodwell's office, appeared for the prosecution, and Mr. E. Wootten, with Mr. Charles Wilson, for the defence. A case of assault, laid over from Saturday, was withdrawn by mutual consent.

The English Ballad Concert.

The first of a series of musical entertainments, vocal and instrumental, will be given this evening in the lecture room of Pandora street Methodist church. During the intermission the programme will be varied by an organ recital in the church by Prof. Sharpe. As many of the most talented amateur vocalists in the city have kindly consented to take part in this entertainment, a most enjoyable and pleasant evening may be anticipated. The next concert, under Prof. Sharpe's management, will be made up chiefly of Scotch ballads.

Quesnelle Quartz Mining.

The annual meeting of the Quesnelle Quartz Mining Co. was held at Quesnelle on Thursday. The number of members on the board of directors was reduced from seven to five, in order that a quorum would be more easily obtained at future meetings. The following gentlemen were elected directors: Hon. James Reid, Jos. Mason, M. P. P., J. McDonald, W. A. Johnson and Robt. McLeese. The date for the annual meeting was fixed for the first Thursday in July in each year. It was agreed that when the government works at Barkerville have successfully tested ore and sulphurets now on hand, four or five tons of quartz from the Hixon Creek mine will be sent to the works, and if the return is satisfactory crushing will be immediately commenced in the mill of the company. It is expected that the government works will be able to publish the result of the tests in about two or three weeks.

Resolution of Condolence.

On the receipt of the news of the death at Victoria, of Mr. Barnard, a public meeting of the citizens of Kamloops was held in the old court house, Dr. Tunstall in the chair, and Mr. Spinks acting as secretary.

The chairman stated the object of the meeting was to express the sorrow and regret of the people at the death of Mr. Barnard, and in a few well chosen words he referred to the active part taken by the deceased in matters pertaining to the welfare of the province in general, and this district in particular. Others in the meeting also expressed their regret at Mr. Barnard's death, referring to incidents in his life, connected with matters of vital importance to the district, which endeared him to all who knew him.

The following resolutions were then passed:

Moved by W. Jones, seconded by R. E. Smith, that this meeting, representing the people of Kamloops, learns with extreme regret of the death of Mr. Barnard, who for many years represented the Yale-Kootenay district in the Dominion Parliament, and takes this opportunity to express its appreciation of his abilities, both as a politician and as a business man, and to express its regret at the loss of one of the true pioneers of this province, who ever made the welfare and interests of this district his especial care.

Moved by J. McIntosh, seconded by W. J. Roper, that a letter of condolence be sent to Mrs. Barnard and family.

A vote of thanks was then tendered the chairman and secretary and the meeting dispersed.—Inland Sentinel.

Victoria Art Emporium.

The latest works of art and all kinds of pictures, mirrors, mouldings, etc., constantly on hand. JOS. SOMMER, Government st. my5-6m

Court Vancouver, A. O. F.

The following officers of Court Vancouver, A. O. F., were duly installed at the regular meeting held last night, by P. C. C. E. E. Johnson: Bro. A. Strachan, chief ranger; Bro. A. Grissmer, sub-chief ranger; Bro. H. Waller, treasurer; Bro. S. Wilson, secretary; Bro. Jas. Maynard, senior woodward; Bro. P. Watson, junior woodward; Bro. G. Cavin, senior beadle; Bro. R. Godding, junior beadle; Bro. Dr. Milne, court surgeon.

Upset in the Gorge.

On Sunday evening, while Mr. Kirshberg and family were visiting the Gorge on Victoria Arm they observed three men in a boat trying to row through the rapids. Two of the men stood up in the boat to change places, when the craft upset and the occupants disappeared beneath the seething water. Upon rising to the surface one of the men struck out for shore, but the others, being unable to swim, were carried along with the swift current. Mr. Kirschberg's little son, 12 years old, with another boy of about the same age, went to the rescue, in a boat, and succeeded in saving the life of one of the drowning men. The other two were picked up by some parties who also witnessed the spill, and who fortunately were on hand to render assistance.

LITTLE LOCALS.

On Sunday afternoon the music at the park delighted the usual afternoon crowd.

Charles McCarthy's sensational comedy drama "One of the Bravest" is heading Victoriaward.

Call and examine our "Jewel" stoves and ranges. S. L. Kelly & Co.

The second boiler for the new tug Lorne was being moved from the Albion Iron Works yesterday.

A sample of ore from the Douglas mine, Rock Creek, is on exhibition at Kurtz's mineral bureau.

Garden Hose, Hose patches and Lawn-sprinkling Novelties at McLennan & McFeely's, 70 Yates street.

Another new Warwick bicycle arrived from the east on Sunday night, for a member of the "Wanderers."

A new mast for the schooner Winnifred, to replace the one broken by the Yosemite, is being shaped at Spratt's wharf.

Delegates to the Masonic Grand Lodge should sit for photos at Hall & Lowe's before returning home.

A large quantity of rock was encountered yesterday by the workmen excavating for Mr. Southgate's new building on Fort street.

About a dozen native Frenchmen celebrated the fall of the Bastile by a private dinner at the Poodle Dog, on Sunday evening.

Wanted — Potter that understands making sewer pipes, etc. Apply J. W. Keller. 1 mo

Michael Costello, Sr., of Vancouver, an old Victorian, died at his home in the Terminal City yesterday, at the advanced age of 88.

William Brown, an Englishman 60 years of age, who has of late made his home in a cabin on Fort street, died yesterday of inanition.

The Board of School Trustees will meet this evening to fill vacancies, caused by recent resignations, on the teaching staff.

Steen, the would-be suicide at Vancouver, is in a fair way towards recovery, and feels thankful his insane act did not terminate fatally.

Hugh Johnson, a resident of Victoria for the past five years, died at his home on Elizabeth street, on Sunday evening. The deceased was in his 73rd year.

The Vancouver alderman who employed his time the other evening in trying to run the city with a Winchester rifle, has concluded to resign his position as alderman.

Cheques of $100 each have been issued to the city fathers under the authority of the Aldermanic Remuneration By-law, the first of July being the half yearly pay day.

The two insurance companies holding policies on the residence of Mr. Jacob Sehl, which was damaged by fire a few days ago, have adjusted the claim for $525.

Mr. Archie F. Reid, for several years steward of the Clarence Hotel, has purchased the Manor House, Vancouver, and will open it shortly as a first-class family hotel.

The tricolor of France waived proudly in the breeze from the flagstaffs of the Driard and Poodle Dog, on Sunday, in celebration of the centennial of the fall of the Bastile.

The best plan for keeping butter, meat, milk, etc., sweet and clean in hot weather is to get a refrigerator from McLennan & McFeely, Yates street.

Goldstein's Chicago Comedy Company arrived by the Sound steamer last evening, and went on to Vancouver this morning. They will return shortly to play a Victoria engagement.

Mr. S. L. Redgrave has been appointed a city police constable, vice Almond Thomas, resigned. Mr. Redgrave's brother was for some time a valued member of the force, and there is no doubt but that he will prove the same.

William Baird, barkeeper on the Islander took a header into the harbor while stepping from the boat yesterday. He was fished out on the end of a pole, looking as melancholy as a last year's bird's nest.

J. W. Bengough, Toronto's great cartoonist and funny man, intends visiting Victoria at an early date, and will in all probability deliver one of his famous illustrated lectures, under the auspices of the Pandora street Methodist church.

Some person or persons unknown helped themselves to a stepladder which was standing in front of Jones Bros. photograph gallery yesterday. The owners would like to have it returned, as other neighbors are waiting to borrow it.

A number of bluejackets from H. M. S. Champion gave a ridiculous imitation of the march of the Salvation Army, on Government street on Sunday evening. The Salvationist uniform is now red tights, a la Mephistopheles, and a plug hat.

The meeting for young men, held in the Y. M. C. A. rooms on Sunday afternoon, was addressed by Mr. Spencer, missionary among the northern Indians. In the evening a general meeting was held, addresses being delivered by a number of the young men present.

Yesterday afternoon, Drs. Helmcken and Milne were summoned to Foul Bay to attend a little son of Mr. A. A. Green, who had met with an accident at the family's summer camp there. The victim of the accident had been unintentionally struck on the head with an oar, the blow causing insensibility, but proving a not dangerous scalp wound.

Once in a coon's age we hear of a customer who has wandered away from the rich fields of the great furniture emporium of Hastie & Lockhart's into an unhealthy pasture of competition, but in due time he returns, vowing never again to pass the cheapest and best place in British Columbia to purchase the latest designs of all kinds of Furniture, Carpets, Linoleums, etc., which is at Hastie & Lockhart's, No. 62 Government street.

Mrs. McLennan, the noted medium, will be at the Clarence Hotel for a short time. A leading spiritual paper of recent date comments on her powers as follows: "Mrs. McLennan, the medium, continues to confound with astonishment all who call on her. Her power over the intangible is truly astonishing, and the revelations she makes are nothing less than marvellous. What she can't tell about an individual is not worth knowing, and if her predictions are as accurate as her other statements, her consultations are valuable." Rooms 8 and 9 Clarence Hotel (first floor). Fee one dollar and upwards, according to time occupied. 1 m

THE highest cash prices paid for ladies and gent's new and cast-off clothing. Note: Address S. Cooness, second door from Broad street, on Johnson.

SIR SOMERS VINE

Gives Some Additional Particulars in Regard to the Imperial Institute.

Beyond the fact that the Imperial Institute is an institution established in London by the contributions of loyal people in every part of the British Empire, mainly through the instrumentality of the Prince of Wales, to commemorate the Jubilee year of Her Majesty's reign, people in Canada know very little about it; the manner of its practical working is a sealed book to them.

The visit of Sir Somers Vine, assistant secretary of the Institute and the representative of the Prince of Wales to the Colonies, who is now in Victoria and in communication with the Government and Board of Trade, should do much toward putting the representative and commercial men of British Columbia in touch with the conductors of the project.

Sir Somers yesterday had a long interview with the members of the Provincial Cabinet, in which he laid before them the purposes of the institute and explained the uses which will be made of the various colonial courts.

THE INSTITUTE BUILDINGS.

In 1851 the Royal Exhibition Commissioners had granted them the site of seven acres of land at South Kensington, upon which the Imperial Institute buildings are to be erected, and where they will be admirably situated in the neighborhood of a large number of kindred public institutions. Attached to the Institute Buildings proper will be courts allotted to each colony and to India; and in these courts it is the desire of the governing body to see placed as perfect a collection of the economic and industrial products of each colony as can be got together.

THE CANADIAN COURTS.

The different provinces of Canada are to be considered as separate colonies; each province to have a separate court. The reason for this is apparent. It will enable the representatives of the provinces the better to represent Canada as a whole, with her variety of resources, than if she was confined to one court, where space would not permit of justice being done to all her natural products.

The Institute collections will constitute not an exhibition bazaar merely, but a living museum—a collection of products that men of business will find of great utility. The products will be described in a comprehensive dictionary and the information given will be of a practical as well as a scientific character; while there will be a superintendent of each court who can be applied to for any special information. The appointments will be made by the suggestion of the colonies; and only the most thoroughly competent men will be employed in connection with the institution.

Sir Somers Vine's visit to British Columbia is for the purpose of inducing our provincial government to get the products of the province collected and classified in the same manner as has been done by the Indian government.

THE INTELLIGENCE BUREAU.

Side by side with the collection of products the governing body intend to establish a bureau of commercial intelligence, so that not only will a man be able to examine a particular sample in a court, but also to receive every information in regard to it up to date. It was felt that under the present condition of things there was a great want of sytematic arrangement in regard to commercial and industrial matters in the different parts of the Empire, and this want it is proposed to supply. It being necessary that all information shall be contributed regularly, impartially, and in a manner that will make it valuable to the commercial community generally, competent representatives will be appointed to collect and transmit the intelligence from the colonies for dissemination throughout the Empire. Each colonial government is asked to appoint an officer to receive and forward exhibits for the Institute, and to keep its records up to date in the future. So far all the governments and mercantile corporations communicated with have taken up the scheme more warmly even than Sir Somers anticipated. The idea of the promoters of the Institute is that a manufacturer may be able to find in one court samples of all the products of each colony, and to easily learn from elaborate indices in another part of the building all the latest information in regard to the various articles—the conditions under which they are produced, the ruling prices, cost of conveyance to England or any of the colonies, and other valuable details.

Again the complete record which it is intended to keep will enable any intending emigrant, if a mechanic or tradesman, to learn at once the state of his particular calling in each colony; or if a farmer, to gather information as to the position of available land; its price, average productiveness, and the climate, etc.

The members of the provincial cabinet have promised their assistance in making the British Columbia court worthy of the province, and Sir Somers will only remain in Victoria a few days longer to complete arrangements with the government and board of trade.

Last evening, he, with the members of the provincial cabinet and a few prominent citizens, were entertained at dinner at Government House by His Honor, the Lieut.-Governor.

THE PACIFIC FLEET.

Labouchere, of "Truth," Refers to Admiral Heneage and the Alaskan Cruise.

It would seem that there is considerable anxiety in England on account of the trip of the fleet to Alaska, and it is understood that representations, official and unofficial, have been sent to the Admiralty on the matter. It is stated that the officers in charge of the fleet were not unanimous in their approval of the expedition. London Truth says on the subject:

"It is reported from Esquimalt that the Admiral is about to take a trip to Alaska with a squadron consisting of the Swiftsure, Amphion, Icarus, and four torpedo boats. I specially direct the attention of the Admiralty to this project, for it is notorious, I believe, that that part of the Pacific is very imperfectly surveyed. The Swiftsure draws, I believe, some 29 feet of water, and it is certainly not every part of the Alaskan coast that such a vessel can approach with safety."

Truth has some further remarks about the fleet:

"The eccentric Heneage does not seem to grow any more popular with his subordinates, judging by the exceptional number of desertions among them. One of his idiosyncrasies, which is responsible for a vast amount of needless irritation, is a craze for keeping the men perpetually at sail-drill. While an extravagant amount of time is devoted to this obsolete exercise, rifle-practice is, I am told, absolutely neglected; the stokers have had no torpedo-boat training, and gunnery and torpedo work are performed in an utterly perfunctory fashion. The most serious complaint, however, that I have heard from the Pacific Station is, that of a distinguished resident in British Columbia, who asks me whether it is not true that the Admiral is allowed £4. 10s. per diem for entertaining, and who desires to be informed what steps he and other residents can take to recover their share in this allowance."

For the information of the "distinguished resident in British Columbia" and others, according to the navy list, the disbursements to a Rear-Admiral, such as we always have on this station, are:

Pay £3 per day, equal per annum to	£1,095
Table money, £1 10s per day	1,642
Total	£2,737

Or about $13,685 per annum. The "table money," however, is only paid when on foreign stations, such as this, or when an admiral is at Portsmouth, in England.

A COSTLY MONUMENT

To be Erected at Mountain View Cemetery in Memory of Charles Crocker.

The ground plans for the monument to Charles Crocker at Mountain View cemetery, San Francisco, have arrived from the east and are in possession of the superintendent of the cemetery. The plans were drawn by A. Page Brown, of New York. The monument will cost $100,000, and will be a magnificent piece of work. It will be situated some little distance up on the hillside, and will command a view of the entire cemetery, the bay of San Francisco and the Golden Gate in the distance. It is to be Grecian in style, and will be in the form of a Grecian temple, sixty feet in height.

ETC., ETC., ETC.,
as we can,
And that in order to do so it will be our endeavor not only to GAIN but also to KEEP the confidence of our customers.
Our aim will be in the future, as in the past, to give the most complete satisfaction possible.
Our prices will be as low as we can afford.
We will cheerfully exchange any article that does not give satisfaction.
All goods will be promptly delivered to any part of the city.
Victorians, encourage the enterprise of your own citizens, and call at
No. 113 Douglas Street,
For your Groceries, etc.,
and oblige,
A. J. ROWBOTHAM & CO.
